

1 11 August 2021

SECTION 1		Product & Supplier Identific	ation		
Product Name	r	Primecolours Watercolours (ex	cluding Black)		
Other Names		Vatercolours valercolours (ex	ciuulity black)		
Product Code		PT873			
Barcode Number	F	-1673			
Recommended Use		Nataraalaur madium daaigaad	to be used with a w	ot bruch	
		Natercolour medium designed		et blush.	
Restrictions on Use		None known			
Company		Zart Art			
ABN		24 621 120 321		K- 0450	
Address		18 Overseas Drive, Noble Park	North, VIC, Austra	lia 3153	
Telephone	+	-61 3 9890 1867			
Supplier Code	,				
Emergency Phone	Number A	Australia – 13 11 26 (Poisons I	nformation Centre)		
SECTION 2		Hazards Identification	n		
Classification of the	hazardaya aha	mical

Personal protection for first aid responders

Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

Symptoms caused by exposure

Direct contact with skin may cause minor irritation.

Primecolours Watercolours (excluding Black) Safety Data Sheet

Medical attention and special treatment

Provide general supportive measures and seek medical attention if symptoms persist.

SECTION 5	Fire Fighting Measures
Extinguishing equip Suitable	Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.
Unsuitable	Anything that could spread the fire and or risk the safety of surrounding personnel.
Specific hazards ar	ising from the chemical
	Avoid dust formation. Fine dust dispersed in air may ignite. If engulfed in fire, gases hazardous to health maybe formed.
Specific protective	equipment and precautions for fire fighters
	Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.
Hazchem Code	Not available.
General fire hazard	s No unusual fire or explosion hazards known.
SECTION 6	Accidental Release Measures
	ns, protective equipment and emergency procedures
For non-eme	rgency personnel Keep unnecessary personnel away and upwind of spill. Wear appropriate protective
	equipment during clean up. Prevent contamination to drains / water ways. Contact Local
	authorities if spill cannot be contained. Place in clearly labelled containers for disposal in
-	accordance with local regulations. Heed advice under Section 8 "Personal Protection".
For emergen	icy responders Keep unnecessary people away. Heed advice under Section 8 "Personal Protection".
	Reep unnecessary people away. need advice under Section of Tersonal Polection.
Environmental pred	autions
	Avoid discharge to drains, water ways or onto the ground.
Methods and mater	ials for containment and clean up
	Large spills – If safe to do so, collect trying not to create dust and place in properly labelled
	containers for disposal in accordance with local regulations.
	Small spills – Clean up with brush and shovel, trying to keep dust to a minimum.
SECTION 7	Handling & Storage
Precautions for safe	e handling
	Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Avoid breathing dust, and always wash hands after handling the product.
Conditions for safe	storage, including any incompatibilities Store in a cool, dry location in a closed container. Store in clearly labelled containers.
SECTION 8	Exposure Controls / Personal Protection
O a superior a la superior de la sup	
Occupational expos	No OEL's noted for this product. However, for individual components,
	Titanium dioxide 13463-67-7 10 mg/m ³ (TWA)
These Workplace Exposure	Standards are guides to control of occupational health hazards. All atmospheric contamination should be kept to a minimum.
Biological limit valu	les

No biological exposure values noted for this product.

Primecolours Watercolours (excluding Black) Safety Data Sheet

Appropriate engineering controls

Use in a well-ventilated area with local exhaust ventilation. Provide an eyewash station.

Individual protection measures, for example personal protective equipment (PPE) Eve protection

Wear safety goggles.

Skin protection

Wear impervious gloves.

Hygiene measures Use and maintain good industrial hygiene. Avoid breathing dust and always wash hands after use. Do not eat, smoke or drink when handling this product.

SECTION 9 Physical & Chemical Properties

Appearance	Solid (assorted colours)
Odour	Not available
Odour threshold	Not available
рН	Not available
Melt point / freeze point	Not available
Boiling point	Not available
Flash point	Not available
Flammability	Not flammable
Vapour Pressure	Not available
Relative density	Not available
Solubility in water	Not available
Specific Gravity	Not available

Reactivity Product is considered non-reactive under normal conditions of use, storage and transport.

Chemical stability Product is considered to be stable under normal conditions of use, storage and transport.

Possibility of hazardous reactions

No hazardous reaction known under normal use.

Conditions to avoid No specific data available for this product.

Incompatible materials

Oxidising agents.

Hazardous decomposition

In a fire product may give rise to the release of obnoxious fumes including oxides of carbon.

SECTION 11 Toxicological Information	
--------------------------------------	--

Information on possible routes of exposure

Inhalation	Minor irritation may be expected in some individuals.
Skin contact	Minor irritation may be expected in some individuals.
Eye contact	Minor irritation may be expected in some individuals.
Ingestion	Minor irritation may be expected in some individuals.

Acute Health Effects

Inhalation	May cause respiratory irritation and coughing.
Skin	May cause irritation, redness, pain and rash.
Eye	May cause eye irritation, tearing, pain and redness.
Ingestion	May cause gastrointestinal irritation, nausea, headache.

Skin corrosion / irritation

Based on classification principles, the classification criteria are not met.

Primecolours Watercolours (excluding Black) Safety Data Sheet

Serious eye damage / irritation Based on classification principles, the classification criteria are not met. Respiratory or skin sensitisation Based on classification principles, the classification criteria are not met. Carcinogenicity Not considered to be a carcinogenic hazard. Aspiration hazard Based on classification principles, the classification criteria are not met. **Reproductive toxicity** Based on classification principles, the classification criteria are not met. Additional Information This product does NOT contain egg, dairy, soy, seafood, shellfish, wheat or peanut products, by-products or derivatives. **SECTION 12 Ecological Information Ecotoxicity** No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations. Persistence and degradability No specific data available. **Bio accumulative potential** No specific data available. Mobility in soil No specific data available. **SECTION 13 Disposal Considerations Disposal methods** Dispose of this product and any water contaminated with this product in accordance with local regulations. Contaminated packaging The container in which the product is/was contained should also be disposed of in accordance with local regulations. **SECTION 14 Transport Information** ADG Not regulated as dangerous goods. Not regulated as dangerous goods for IATA ΙΑΤΑ IMDG Not regulated as dangerous goods. Special Precautions No special precautions or requirements for transport **SECTION 15 Regulatory Information** Safety, health and environmental regulations This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals. Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP) Not allocated

AICS All components are listed in the Australian Inventory of Chemical Substances.

SECTION 16	Other Information
Reason for Revisior	Review and update information in accordance with GHS requirements.
TWA	The TWA (Time Weighted Average) exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded even briefly.
SWA	Safe Work Australia
ADG	Australian Dangerous Goods Code
ΙΑΤΑ	International Air Transport Association
IMDG	International Maritime Dangerous Goods Code
