Please complete and return this form to ZES at the above email address for your student artwork to be considered for our Student Gallery exhibitions.

Please complete ALL SECTIONS below, and supply at least 2-3 images of the student artwork as attachments when submitting this form. Please complete a separate form for each unit of work submitted.

Successful entries will be contacted by email with further details and artwork delivery deadlines.  
If successful, you will be required to deliver your student artwork by a specified date for the next gallery exhibition, OR Zart Education may request your artwork for a future upcoming gallery exhibition.  
If unsuccessful, please don't be discouraged! It may simply be that we have filled our quota for upcoming exhibitions, or we may have had similar work recently/coming up soon.

We continue to encourage teachers/schools to submit as many units of student work as you like, as often as you like, at any time of the year!
